

She Might She Might

Milow

She's too blue-eyed possibly
Then again she couldn't be
One two she knows kung fu
Three four kicked in my door
Five six I can't believe it
What a mess I'm in She might she might
She might shake up everything I am
She might she might
She might make me do the best I can
Oh what has she done
Oh she might be her
She might be the one I'm in too deep probably
Then again how could I be
One two she just cut through
Three four what an uproar
Five six she pulls me out
And throws me to the wind She might she might
She might shake up everything I am
She might she might
She might make me do the best I can
Oh what has she done
Oh she might be her
She might be the one Her eyes are shining like a midnight sun
Oh the countdown has begun
Five four three two one She might she might
She might shake up everything I am
She might she might
She might make me do the best I can
Oh what has she done
Oh what has she done
She might be her
She might be the one
Be the one
