

Temple Of Love

E-Rotic

Can you hear the priest?
He's tryin' to keep his goddess pleased
Love's shining eternally
Love will make you feel so freeCome, come it's okay
For satisfaction you must pray
The flame of passion ain't no bluff
It's shinning in the temple of loveCome to the temple of love
And together we'll pray
To the heaven's aboveCome to the temple of love
If your heart is free
Joy in the temple of loveAaah, aaah, aaahSex is all the power
Helping you through the midnight hour
The secret of love and peace
Soul and heart it will releaseSo bow your head and pray
It's gonna take your fear away
Flying like a snow white dove
Out of the temple of loveCome to the temple of love
And together we'll pray
To the heaven's aboveCome to the temple of love
If your heart is free
Joy in the temple of loveAaah, aaah, aaahCome to the temple of love
And together we'll pray
To the heaven's aboveCome to the temple of love
If your heart is free
Joy in the temple of loveAaah, aaah, aaah
