

# I Got You (feat. Jussie Smollett, Yazz & Serayah)

## Empire Cast

1, 2, 3, ow! [Serayah:]  
I want you, all mine  
I'll give you all the times  
I know that I took my time  
But I made up my mind  
Oh baby, you know you make me feel  
Somethin' that I never had, you let me know it's real  
Can't nobody make me feel the way that you do  
When you're around me, I can't take my eyes off of you  
I can see you're 'bout it, love the way that you move  
Tellin' you, you got it, and you know it's the truth [Serayah:]  
Feel so alive when I got you right here by my side  
This 'cause when I'm with you, you know everything is alright  
[Serayah & Jussie:]  
Yeah, don't worry I got you  
Yeah, don't worry I got you  
Yeah, don't worry I got you  
Yeah, don't worry I got you [Jussie:]  
Don't worry, you got it  
I got it too sometimes  
Imagine what we  
Oh we could be together  
Always wanna give you my lovin'  
Always wanna make it to someone  
Now I've got you in my life  
No I won't trade you for no one [Jussie (Serayah):]  
Don't worry (don't worry)  
Cause I got you  
Anything you need, yeah  
(You can call on me, yeah)  
Don't worry (don't worry)  
Cause I got you  
Anything you need  
(You can call on me, yeah) [Yazz:]  
Yo! Ha ha, yeah, hold up, yeah  
I hold you down like it's nothing cause I need your lovin'  
I'd rather have you by my side than them chicks clubbin'  
You see them bank rolls, I'll spend 'em on you  
And I'll always keep it real, no pretendin' on you  
I'm just tryna put you under my arm and make you wifey

Take you around the world, anywhere you wanna sight see  
Promise you'll never had nobody treat you like me  
I'm just tryna change your last name on your ID  
I pay the cards for you baby, ain't a thing too pricey  
I got the watch for you baby, if you think twice  
Switching lanes baby, pick out anything you rock  
Girl, I got you, tell me what you want, you know I'll provide it[Serayah:]  
Feel so alive when I got you right here by my side  
This 'cause when I'm with you, you know everything is alright  
[Serayah & Jussie:]  
Yeah, don't worry I got you  
Yeah, don't worry I got you  
Yeah, don't worry I got you  
Yeah, don't worry I got you
