

# Back On The Street Again

James Taylor

I don't care if I got no money, I don't care if I got a dime  
All I want to do is to dance with you honey  
Please tell me you have the time  
'Cause I gotta get back on my feet again  
Gotta get back on the street again  
La, la, la  
Well I don't care if I got no fame  
All I want to do is to hold your hand  
Don't care if nobody knows my name  
'Cause I just want to try the best I can, yes I do  
I gotta get back on my feet again  
Gotta get back on the street again  
La, la, la  
Well, I don't know just what the world is coming to  
And I don't know just what is going on among you  
Well all I really know is I gotta get back on my feet again  
Help me up now  
I don't care if I got no money  
I don't care if I got dime  
All I want to do is to dance with you baby  
Please tell me that you got the time  
'Cause I've gotta get back on my feet again  
Gotta get back on the street again  
La, la, la  
Stand it up for me now mamma
