This one is called lovers choice  
Never know yuh woulda really feel so nice, love sponge  
I don't want to let you go  
With you I'm in no hurry (oh no) This one is called lovers choice  
Never know yuh woulda really feel so nice, love sponge  
I don't want to let you go  
With you I'm in no hurry (oh no) Lord you are lovable, kissable  
Desire the inevitable  
Without your sweet caress I'm so damn miserable  
Touch your finesse, feel the fur of your coat  
Seen you walk away saying my eyes in smoke  
You are dressible, lookable  
All the man dem after yuh  
They claim you do something they just can't explain  
To the brain  
Your man shouldn't have no complain  
Oh no This one is called lovers choice  
Never know yuh woulda really feel so nice, love sponge  
I don't want to let you go  
With you I'm in no hurry (oh no) This one is called lovers choice  
Never know yuh woulda really feel so nice, love sponge  
I don't want to let you go  
With you I'm in no hurry (oh no) Hey slow motion is the way for us to enjoy the day  
Always taking time to listen what she got to say  
She thinks I be spending too much time on the beat  
I try to make her over stand that's how we eat  
Darling don't quarrel with me, it hurts too easily  
Don't be messed up by silly tendency  
No no way This one is called lovers choice  
Never know yuh woulda really feel so nice, love sponge  
I don't want to let you go  
With you I'm in no hurry (oh no) This one is called lovers choice

Never know yuh woulda really feel so nice, love sponge  
I don't want to let you go  
With you I'm in no hurry (oh no)She mek a caan forget about the hugging and squeezing  
Ah feel as if I'm upside down in the ceiling  
Confess, this girl is the ultimate thing  
What it means to be loved, no need asking  
Swing baby swing, while I continue sing  
Your favorite song  
Lets go dancing  
HeyThis one is called lovers choice  
Never know yuh woulda really feel so nice, love sponge  
I don't want to let you go  
With you I'm in no hurry (oh no)This one is called lovers choice  
Never know yuh woulda really feel so nice, love sponge  
I don't want to let you go  
With you I'm in no hurry (oh no)
