## Hypocrisy

Burn in the night, fight  
they go away the nightmare rise  
you know they're never right  
fight, fight  
they know they already know they die  
great hate alive  
great hate alive  
whether you fight die  
yeah burn in hell  
great ruling hate  
they die for you, yeah!  
(growl) yeah  
when you realize all the lies  
(growl) lies  
this is hell this is your destination  
this is i!  
you shall all know the wonders of your soul  
(growls a LOT)  
find my satan  
sacrifice  
the lies  
lucifer is here
