15 Dreams

New Politics

Nothings ever fair
I must keep moving till I get thereTime passing by like the speed of a rocket
The man on the moon still lives in my pocket
You ever feel that life's slipping out of your hands?
(Woah woah)
I'm just a man living in a machine
Trying to make a dollar out of 15 dreams
Do you ever feel that you're never really good enough?
(Do you ever feel that you're never really good enough?)Stuck on a runway
I can get lifted
Stars in the sky that I just can't find
Never getting home tonight
Stuck on a runway
I can get lifted
Sorry, the pilot's lost his mind
Never getting home tonightTrying to make a dollar out of 15 dreams
(Never getting home tonight)
I'm just a man living in a machine
Trying to make a dollar out of 15 dreamsSomewhere in the sun
I keep on waiting for my ship to comeTime passing by like the speed of a rocket
The man on the moon still lives in my pocket
You ever feel that life's slipping out of your hands?
(Woah woah)
I'm just a man living in a machine
Trying to make a dollar out of 15 dreams
Do you ever feel that you're never really good enough?
(Do you ever feel that you're never really good enough?)Stuck on a runway
I can get lifted
Stars in the sky that I just can't find
Never getting home tonight
Stuck on a runway
I can get lifted
Sorry, the pilot's lost his mind
Never getting home tonightNever getting home tonight
(Trying to make a dollar out of 15 dreams)
Never getting home tonight
(I'm just a man living in a machine, trying to make a dollar out of 15 dreams)Let me excel
I keep on climbing till I get wellTime passing by like the speed of a rocket
The man on the moon still lives in my pocket

You ever feel that life's slipping out of your hands?
(Woah woah)
I'm just a man living in a machine
Trying to make a dollar out of 15 dreams
Do you ever feel that you're never really good enough?
(Do you ever feel that you're never really good enough?)Stuck on a runway
I can get lifted
Stars in the sky that I just can't find
Never getting home tonight
Stuck on a runway
I can get lifted
Sorry, the pilot's lost his mind
Never getting home tonight
