15 Dreams

New Politics

Nothings ever fair

I must keep moving till I get thereTime passing by like the speed of a rocket

The man on the moon still lives in my pocket

You ever feel that life's slipping out of your hands?

(Woah woah)

I'm just a man living in a machine

Trying to make a dollar out of 15 dreams

Do you ever feel that you're never really good enough?

(Do you ever feel that you're never really good enough?) Stuck on a runway

I can get lifted

Stars in the sky that I just can't find

Never getting home tonight

Stuck on a runway

I can get lifted

Sorry, the pilot's lost his mind

Never getting home tonightTrying to make a dollar out of 15 dreams

(Never getting home tonight)

I'm just a man living in a machine

Trying to make a dollar out of 15 dreamsSomewhere in the sun

I keep on waiting for my ship to comeTime passing by like the speed of a rocket

The man on the moon still lives in my pocket

You ever feel that life's slipping out of your hands?

(Woah woah)

I'm just a man living in a machine

Trying to make a dollar out of 15 dreams

Do you ever feel that you're never really good enough?

(Do you ever feel that you're never really good enough?) Stuck on a runway

I can get lifted

Stars in the sky that I just can't find

Never getting home tonight

Stuck on a runway

I can get lifted

Sorry, the pilot's lost his mind

Never getting home tonightNever getting home tonight

(Trying to make a dollar out of 15 dreams)

Never getting home tonight

(I'm just a man living in a machine, trying to make a dollar out of 15 dreams)Let me excel

I keep on climbing till I get wellTime passing by like the speed of a rocket

The man on the moon still lives in my pocket

You ever feel that life's slipping out of your hands? (Woah woah)

I'm just a man living in a machine Trying to make a dollar out of 15 dreams

Do you ever feel that you're never really good enough?

(Do you ever feel that you're never really good enough?) Stuck on a runway

I can get lifted

Stars in the sky that I just can't find

Never getting home tonight

Stuck on a runway

I can get lifted

Sorry, the pilot's lost his mind

Never getting home tonight
