

The Way Life Goes

Lil Uzi Vert

[Pre-Chorus]

That's true, that's right

She's sipping Moet, and yeah I swear it gets her wetter

My Louboutins new, so my bottom stays redder

No I'm not a rat but I'm all about my cheddar

Just talked to your homie she said we should be together

Gave me brain was so insane that I made her my header

If she ever call my phone you know I gotta dead her

But I like that girl too much, I wish I never met her

Hello

I was listening to this song

It goes like I know it hurts sometimes but you'll get over it

You'll find another life to live

I swear that you'll get over it

I know you're sad and tired

You've got nothing left to give

You'll find another life to live

I know that you'll get over it

Wish I never ever ever told you things

I was only only trying to show you things

Iced out heart your neck trying to froze your ring

I had to get a me a new bitch to hold the pain

We was in Hawaii looking at the ring

She smiling happy but I'm laughing 'cause she's meddling

That just goes to show me money don't attract things

Stuck to the plan even though you used to go ?

I know it hurts sometimes but you'll get over it

You'll find another life to live

I swear that you'll get over it

I know you're sad and tired

You've got nothing left to give

You'll find another life to live

I know that you'll get over it

Ice out on my RAF you strapped up your Rick

Diamonds on your neck, ice all on my wrist

Compliment my style

She don't want me running wild

You know I respect her on that level

She don't want me then I'ma let her

Go over there with that broke fella
Walk off my Saint Laurent, that leather
My new chick I swear that she better
Want me back, never (ooh)That's true, that's right
She's sipping Moet, and yeah I swear it gets her wetter
My Louboutins new, so my bottom stays redder
No I'm not a rat but I'm all about my cheddar
Just talked to your homie she said we should be together
Gave me brain was so insane that I made her my header
If she ever call my phone you know I gotta get her
But I like that girl too much, I wish I never met her
I know it hurts sometimes but you'll get over it
You'll find another life to live
I swear that you'll get over it
I know it hurts sometimes but you'll get over it
You'll find another life to live
I know that you'll get over it
You'll get over it
You'll get over it
You'll get over it
You'll get over it
