It's So Nice (To See Old Friends)

Minnie Riperton

(m. riperton r. rudolph)It's so nice to see old friends
'cause we've all gotten very much higher
It's so nice when you come around again
Sits, and laugh, have a smoke by the fire
I know it won't be long
I know it won't be long
I know it won't be long
Before we're oneIt's so nice to see you again
Though the world be a little bit colder
Still it's fun, we should meet here again
Stay a while, rest your head on my shoulder
I know it won't be long
I know it won't be long
I know it won't be long
Before we're one
