When I Argue I See Shapes

Idlewild

I'm not really sure of all this pressure
I'm never gonna lose any of my old letters
They'll stay with me until I can see
Until I can see that I'm no oneI'm not really sure of all this pressure
I'm never gonna lose any of my old letters
They'll stay with me until I can see
Until I can see that I'm no oneSo don't slight it off 'cause you'll be fined
Don't start slighting off 'cause you'll be fined
'Cause all you ever do is build it up inside
'Cause all you ever do is build it up insideI'm not really sure of all this pressure
I'm never gonna lose any of my old letters
They'll stay with me until I can see
Until I can see that I'm no oneSo don't slight it off 'cause you'll be fined

'Cause all you ever do is build it up inside
All you ever do is build it up insideYou smoke too much when you talk too much
