Am I already too late?
Or have I already tempted fate?
Cos I've been feeling these things, I don't know what they mean, so I hesitate.Can't get this out of my head,
And there's no feelings of regret.
'Cos I've been walking around with my head in the clouds and I've given up.Am I already too late?This is love, this is love.
You've gotta hold on, hold on,
I'll make it worth the wait, I promise.I didn't see this coming and now I'm running out of time to find myself, I've lost my way.
Looking back I should have been more prepared to handle this
And take the steps I needed to, but now they only lead to you.
I can make the world sing but the hardest part is making you listen.
