

Lovin' the Bottle

[Heather Myles](#)

I'm lovin' the bottle tonight
I'm doin' things I never thought were right
I hope it hurts when you discover I'm hanging out with your old lover
I'm lovin' the bottle tonight I've had enough o' you it's plain to see that you don't care
So don't call me tonight, I won't be there
I'll be out on the town and my new friends won't let me down
I'm trading in my tears and I'll buy you a round
I'm lovin' the bottle tonight
I'm doin' things I never thought were right
I hope it hurts when you discover I'm hanging out with your old lover
I'm lovin' the bottle tonight
Lead Break
Don't need no one to tell me how to hurt or how to cry
It comes so easy now, I hardly have to try
I'll trade my dusty couch for a torn old vinyl stool
I'm playin' the part of everybodys fool
I'm lovin' the bottle tonight I'm doin' things I never thought were right
I hope it hurts when you discover I'm hanging out with your old lover
I'm lovin' the bottle tonight
I hope it hurts when you discover I'm hanging out with your old lover
I'm lovin' the bottle tonight
I'm lovin' the bottle tonight
