

Dark Side of You

Hellraiser

I'm a devil waking at dawn
I'm a vision drifting alone
I shall fly
I'm a shadow you'll never see
I'm a nightmare get away from me
i'm an evil living in you
Inside I'm just here with you
I just know what to do
What you gonna say
Doesn't matter anyway
I'm a dirty force
I'm a coin you gonna toss
I'm your second side
Raging madly in the night I'm just another you
Behind your ego I still hide
You will never know my name
I can get you anytime
All the vices that you have
I'll preserve in you till death
No ways to scatter me
I'm invincible in thee You will never kill me
I'm your second side
If you ever kill me
It's a suicide
