

Know

Kalispell

I will never feed off
The evergreen luster of your heart
 All because we all live
 In the valley of the walls
 When we speak
 We can peak from the windows
 Of their mouths to see the land
The women chant as they fly up to the sun
 You never think you know, why
 Know, you never think you know, why
 Know, ever think you know, why
 Know, know, know
 Books all say different things
 While people flap their yellow wings
 Trying to soar by being a whore of life
 And almost everything
The sheep that ran off from the herd
 May be dead but now's a bird
 Able to fly able to die

Able to break your cursed earth
 You never think you know, why
 Know, you never think you know, why
 Know, ever think you know why
 Know
On the other side, the other side, other side
Do you ever try to fly, do you ever try to fly?
 Have you ever wanted to die
 You ever want to die?
 Don't ever try to fly, don't ever try to fly
 Don't ever try to fly
Unless you leave your body on the other side
 Never try to die, you ever try to die.
 Know, you never think you know, why
 Know, you never think you know, why
 Know, you never think you know, why
 Know, ever think you know, why
 Know
