Gethsemane

Conception

Little mirror on the wall forgive my sins as so many times before
Your calm convinced the world I know is beyond your reach
Your eyes too numb to see and even though you pretend to search
You never shed a tearYou'll see me shine and roll with the wind again
Silence couldn't deal with your alibis
Disclosure of heavens gate
I have seen getsemane in your eyesYou consumed my flesh and blood
You took my soul so easily
But it's hard to even crawl when chasing for reality
You came to me like a Judas kissYet I am bound to trust you and only
I could have quenched your thirst
Refreshed your soul anew
You'll see me shine and roll with the wind againSilence couldn't deal with your alibis
Disclosure of heavens gate
I have seen getsemane in your eyes
You will deny me again foreverAs long as I'm bound to be here
Softly caressing the pain
Learning we all have a cross to bear
We all have a reason to dieA reason to leave all the worries and fly
