Bender

Don't Look Down

Inspiration has got the worst of me again
Let's think this over, think this through
Nothing's easy, nothing except you
Bending over and over againBelieve me when I tell you
The words I say are true
And everything you say means nothing now
'Cause it's all been said and doneStart over, make this brand new
There's nothing left to hold on to
Understanding, it's just too much for me to take
You keep pushing 'til I breakBelieve me when I tell you
The words I say are true
And everything you say means nothing now
'Cause it's all been said and doneBelieve me when I tell you
The words I say true
Believe me when I tell you
And everything you said means nothing now
'Cause it's all been said and done
