

Gotta Decide

The Soviettes

i wanna be somewhere where i know that i'm gonna do something
i wanna get somewhere and i know that i've gotta decide
if i can leave somewhere where i know i might never do nothing
i've never been so scared and i know i might run out of time
I wanna be somewhere where i know that i'm gonna do something
(I wanna be somewhere where i know that i'm gonna do something)
i wanna get somewhere and i know that i've gotta decide
(i wanna get somewhere and i know that i've gotta decide)
if i can leave somewhere where i know i might never do nothing
(i don't wanna jinx it and i know that i might not make it
but i've gotta believe that i'm gonna be fine)
i've never been so scared and i know i might run out of time
I wanna be somewhere where i know that i'm gonna do something
i wanna get somewhere and i know that i've gotta decide
if i can leave somewhere where i know i might never do nothing
i've never been so scared and i know i might run out of time
i might run out of time
(don't wanna hope cause i don't wanna jinx it)
i might run out of time
(and i know that i might not make it)
i might run out of time
(but i've gotta believe that i'm gonna be fine)
i might run out of time
