Cinderella

CINDERELLA.....
Cinderella are you really that happy?
Cinderella are you really that lucky?
I wanna know is your life like you dreamed?
Here I am
Trying to find my way
I've kissed so many frogs, but I've never found a prince
I think they lied
I was promised much more than this
Where's my happy-ever-after?
(Is the queen of the kingdom)
Cinderella is the queen of a kingdom
Cinderella got the dream she was dreamin'
I wanna know where is my happy end
Cinderella got a prince and kingdom
Cinderella got the dream she was dreamin'
I wanna know where is my fairy-tale?
Something's wrong
'cause all my glass shoes break
And no one's ever helped this damsel in distress
To hell with this
I'm not gonna waste more time
I won't wait to find prince charming
(Is the queen of the kingdom)
Cinderella is the queen of a kingdom
Cinderella got the dream she was dreamin'
I wanna know where is my happy end
Cinderella got a prince and kingdom
Cinderella got the dream she was dreamin'
I wanna know where is my fairy-tale?Cinderella are you really that happy?

EVERYTIME.....
Sometimes I question you and me
The reasons I'm here get hard to see
But when I feel your fingertips brush mine
I swear I see heaven for a moment in time
Been running and hiding
So scared of love
CHORUS:
But everytime you look into my eyes
And everytime you kiss my lips good night
The honesty's too much
It's in the way we touch
It gets me everytime
Anytime you look at me that way
There's so much said when
there's nothing to say
The sweetest thing I've heard
without a single word It gets me everytime
It gets me everytime
Sometimes I wake up next to you
And I wonder if you knew
That you would change my life with just one kiss
That you would be the one I'd fall in love with
I've been running and hiding
So scared of love
CHORUS:
But everytime you look into my eyes
And everytime you kiss my lips good night
The honesty's too much
It's in the way we touch

It gets me everytime
Anytime you look at me that way
There's so much said when
there's nothing to say
The sweetest thing I've heard

(Verse 1)
Dont be afraid to cry
It wasnt wasted time
We just couldnt win that fight
And I knew you couldnt stay
You had to go your way
Theres really nothing left to say
But every now and then you cross my mind
And I try not to think about where you are tonight
(Chorus)
But I miss you
Cause I really miss you
Theres no going back cause whats done is done
But I miss you cause I really miss you
But sometimes love just aint enough
(Verse 2)
Hey
We didnt write the rules
It wasnt me wasnt you
We both know that life is cruel
I know we cant go down that road again
And it hurts too much to think what might have been
(Chorus)
But I miss you

Cause I really miss you
Theres no going back cause whats done is done
But I miss you cause I really miss you
But sometimes love just aint enough(C Part)
I know we cant escape from the paths that we have chosen
But every now and then, Im reminded
I know we cant go down that road again
And it hurts too much to think what might have been
(Chorus)
But I miss you
Cause I really miss you
Theres no going back cause whats done is done
But I miss you cause I really miss you
But sometimes love just aint enough
READ MY MIND.....
Read my mind
Read my mind
In your eyes you look so weary
Fighting light with dark and dreary
And even though you can't hear me
I'll still sing
You go to church and pray on Sunday
You think your sins are cleaned up that way
Don't you know forgiveness just begins with you
If you could read my mind
Just read my mind
Then you could see
What's behind my eyes
If you could read my mind
Your hands untied
Cause the battlefield is tired
Get a little bit stupid sometimes
Get a little bit jealous sometimes
Sometiomes I'll be unfair but that's just me
I know that I'm not hiding
And I won't let your chains bind me
Because prefection is not the point of this
If you could read my mind
Just read my mind
Then you could see
What's behind my eyes
If you could read my mind
Your hands untied
Cause the battlefield is tired
If you could read my mind

Just read my mind
Then you could see
What's behind my eyes
If you could read my mind
Your hands untied
Cause the battlefield is tired
If love made sense
Then I think there would be a book
To tell us who is really right and wrong
But I don't want something simple
I don't want to sing a normal song
Let's just close our eyes and let it be
Cause the battlefield is tired
If you could read my mind
Just read my mind
Then you could see
What's behind my eyes
If you could read my mind
Your hands untied
Cause the battlefield is tired
Let's just close our eyes and let it be
Cause the battlefield is tiredREAL EMOTIONS.....
What can I do for you?
What can I do for you?
What can I do for you?
What can I do for you?
I can hear you
What can I do for you?
What can I do for you?
What can I do for you?
Far beyond the hazy borders of my heart
I could see a place that's something like this
Every now and then I don't know what to do
Still I know that I can never go back
But the things I've seen in those hazy dreams
Can't compare to what I'm seeing now
Everything's so different
That it brings me to my knees
And though I know the world of real emotion has surrounded me
I won't give in to it
Now I know that forward is the only way my heart can go
I hear your voice calling out to me:
"You'll never be alone"
What can I do for you?
What can I do for you?

What can I do for you?
I can hear you
What can I do for you?
What can I do for you?
What can I do for you?
I don't plan on looking back on my old life
I don't ever plan to rely on you
Even if by chance everything should go wrong
You'd come anyway and try to save me
Though from time to time it's an upward climb
All I know is that I must believe
'Cause the truth I'm seeking
Always was inside of me
And when I find the world of real emotion has surrounded me
The many things that you taught me then
Will always be enough to get me through the pain
Because of you I am strong enough to know I'm not alone
What can I do for you?
What can I do for you?
What can I do for you?
What can I do for you?
What can I do for you?
What can I do for you?
I can hear you
And if I find the real world of emotion has surrounded me
And I can't go on
You are there the moment that I close my eyes to comfort me
We are connected for all of time
I'll never be...
And though I know the world of real emotion has surrounded me
I won't give in to it
Now I know that forward is the only way my heart can go
I hear your voice calling out to me:
"You'll never be alone"
What can I do for you?
What can I do for you?
What can I do for you?
I can hear you
What can I do for you?
What can I do for you?
What can I do for you?
I can hear you
I can hear you1000 WORDS.....
I know that you're hiding things
Using gentle words to shelter me

Your words were like a dream
But dreams could never fool me
Not that easily
I acted so distant then
Didn't say goodbye before you left
But I was listening
You'll fight your battles far from me
Far too easily
"Save your tears 'cause I'll come back"
I could hear that you whispered as you walked through that door
But still I swore to hide the pain when I turn back the pages
Shouting might have been the answer
What if I'd cried my eyes out and begged you not to depart?
But now I'm not afraid to say what's in my heart
Though a thousand words
Have never been spoken
They'll fly to you
Crossing over the time and distance holding you
Suspended on silver wings
And a thousand words
One thousand confessions
Will cradle you
Making all of the pain you feel seem far away
They'll hold you forever
The dream isn't over yet
Though I often say I can forget
I still relive that day
You've been there with me all the way
I still hear you say
"Wait for me, Ill write you letters"
I could see how you stammered with your eyes to the floor
But still I swore to hide the doubt when I turn back the pages
Anger might have been the answer
What if I'd hung my head and said that I couldn't wait?
But now I'm strong enough to know it's not too late
'Cause a thousand words
Call out through the ages
They'll fly to you
Even though I can't see, I know they're reaching you
Suspended on silver wings
Oh, a thousand words
One thousand embraces
Will cradle you
Making all of your weary days seem far away
They'll hold you forever

Oh, a thousand words
Have never been spoken
They'll fly to you
They'll carry you home and back into my arms
Suspended on silver wings ohhhh
And a thousand words
Call out through the ages
They'll cradle you
Turning all of the lonely years to only days
They'll hold you forever
Ohhhhhhhhhhhhhhhhhhhhhhhhh

Suspended on Silver Wings {On Silver Wings}
And a thousand words {oohh}
Called out through the ages {called through the ages}
They'll cradle you {oh yeah}
Making all of your lonely years to only days {only days}
They'll hold you forever.....
Ohhhhhhhhhh
One Thousand Words...
SORRY.....
I never
I never
Don't wanna make you said
I never wanna make you lie
I never wanna see you cry
(verse 1)
Shadows in your eyes
Your smile is colored black
You don't need someone who never saw your empty life
I never made you smile I promise deep inside
I'm gonna be the one who's gonna keep you satisfied
I'll make it up to
I promise to
I really wanna tell you I'm sorry
You're just a part of me
And I can't let you go
Please forgive me
(chorus)
It's really hard to tell you I'm sorry
I don't wanna break your heart again
It's really hard to tell you I'm sorry
I don't wanna see you cry again
It's really hard to tell you I'm sorry
Is there anything that I can do
It's really hard to tell you I'm sorry
I don't wanna break your heart again
(verse 2)
I'm sorry for the lies
That I kept telling you
I'm sorry for the things I never said to you
Expect to get your call almost everytime
No matter what they said
I kept pretending I was fine
But I can't hide the truth
I never can

It's really hard to say I'm sorry
You're just a part me and I can't let you go
Please forgive me
I never
I never
Don't wanna make you said
I never wanna make you cry
I know I know I know
Mmmmh I know just wanna tell you I'm sorryTHAT NIGHT.....
One night in late July
I saw you cross the room
Then you asked me for a dance
and I could hardly move (yeah)
I'd never been so scared before,
your touch was overwhelming
Then you led me to the floor
and I swore I was dreaming
That night there was magic
That night I was spellbound
By your side, oh the first time
I cried, I cried
Yes, you changed my life
That night
That night
By your side, oh the first time
I cried, I cried
This night changed my life
We sat and talked all night
the starry sky above us
You were nervous, I was shy
The butterflies of first love
Then I knocked on heaven's door
when you leaned in to kiss me
I'd never been left wanting more,
oh I was hardly breathing
I want to have that night again
I wanna know what might have been
First love just never ends,
oh why do I still miss him
Now life has distanced us,
that summer night's long gone
But I still feel your lips
when I hear our old love song
I've changed a lot since then,
but I still sit and wonder

I'd like to know what might have been
if summer love had lingeredADDICTED.....
You know I won't put up a fight
And I know you're wrong but I'll say you're right
And it'll keep going down this way
Because I try to change the rules
But it's the same old game
Because you know I'll never leave
And I know you'll never stay
God I need to
Walk away, walk away, walk away, but I'll never
I try and try and try and try
Walk away, walk away, walk away but I'll never
I'll never walk away 'cause
I try to take the higher road
Say easy come easy go
Because you'll never change you'll never show
I'm addicted to the urgency
I'm addicted to the chase
Another dose of you could be the end of me
But I'm addicted back to you
I'm addicted to the urgency
I'm addicted to the chase
Another dose of you could be the end of me
But I'm addicted back to you
So welcome to my masquerade
Where we all gotta lie in the beds we've made
I know I need to
Start cutting down on my supply
I need twelve step program for goodbye
No excuses, no more lies
I'm addicted to the urgency
I'm addicted to the chase
Another dose of you could be the end of me
But I'm addicted back to you
I'm addicted to the urgency
I'm addicted to the chase
Another dose of you could be the end of me
But I'm addicted back to you
I'm addicted, I'm addicted, addicted to your love
I'm addicted to the urgency
I'm addicted to the chase
Another dose of you could be the end of me
But I'm addicted back to you
I'm addicted to the urgency

I'm addicted to the chase
Another dose of you could be the end of me
But I'm addicted back to you
Walk away, walk away, walk away, but I'll neverEVERYTHINGS GONNA BE ALRIGHT.....Everything's gonna be alright
Everything's gonna be alright
Who ever thought the sun
would come crashing down
My life in flames my tears complete the pain
We fear the end, the dark as deep as river bed
My book of life incomplete without you here
Alone I sit and reminisce
Sometimes I miss
your touch your kiss your smile
And meanwhile you know I never cry
'Cos deep down inside
you know our love will never ever die
Everything's gonna be alright
Everything's gonna be okay
Everything's gonna be alright
Together we can take this one day at a time
Can you take my breath away
Can you give him life today
'Cos everything's gonna be okay
I'll be your strength,
I'll be here when you wake up
Take your time
and I'll be here when you wake up
I never thought my heart
would miss a single beat
Caress your hand
as I watch you while you sleep
So sweet I weep as I search within
To find a cure, to bring you back again
And the sun will rise open up your eyes
Surprise just a blink of the eye
I tried I tried to be positive
Your a fighter so fight, wake up and live
Everything's gonna be alright
Everything's gonna be okay
Everything's gonna be alright
Together we can take this one day at a time
Can you take my breath away
Can you give him life today
'Cos everything's gonna be okay

I'll be your strength,
I'll be here when you wake up
Everything's gonna be alright
I'd give my life to only see you breathe again
Hand in hand as we walk on the white sands
To hear your voice rejoice as you rise and say
This is the day that I wake and pray okay
Today's silence as time just moves on
You can't hear it though,
but I'm playing my favourite songs
I miss you much, I wish you'd come back to me
You see I'd wait a lifetime
'cos you're my destiny
Everything's gonna be alright
Everything's gonna be okay
Everything's gonna be alright
Together we can take this one day at a time
Can you take my breath away
Can you give him life today
'Cos everything's gonna be okay
I'll be your strength,
I'll be here when you wake up alright
Everything's gonna be alright
Everything's gonna be okay
Everything's gonna be alright
Together we can take this one day at a time
Can you take my breath away
Can you give him life today
'Cos everything's gonna be okay
I'll be your strength,
I'll be here when you wake up alright
Everything's gonna be alright
Everything's gonna be alright
