No Thing

Van Morrison

People come and people go
One monkey don?t stop no show
I?m getting too tired to start all over again
'Cause it ain?t gonna change no thing
There?s just all of this here land
Been trampled on by man
And all around me, all these birds of prey
And all I?m trying to do is just get by one more day
Only a fool would ever think
Things could ever be the same
Only a fool would surmise
Everyone is sane
Though I watch them come and go
I?m fed up with the status quo
And I?m feeling too tired to start all over again
'Cause I know that it ain?t gonna change no thing
Only a fool could think
That things would ever be simple again
Only a fool would surmise
Everyone is the same
Oh, I watch them come and go
I don?t have time for the status quo
I say, blessed be and I?m on my way, on my way
'Cause it ain?t gonna change no thing
No, no, no, no, no, no
Well, it ain?t gonna change no thing
Oh yeah, yeah, yeah
Well, it ain?t gonna change no thing
