

Nobody to Love

Gaby Moreno

Steady life
All we ever had to offer
Now that old bird has flown Far away
Longing to be another
In that old pleasure dome Rendezvous (?) with solitude
Taking me in
Making me fall
Cause the gags are all gone
And the storm is full grown
Ain't got nobody to love
Black tears streaming down onto the coffee
In the early morn
Bittersweet melodies
Slowly burning me down
I'm growing dark
I'm growing cold
Savoring this
This new treasury
Cause the gags are all gone
And the storm is full grown
Ain't got nobody to love Laying flat on my back
