

Back Together (feat. Nicki Minaj)

Robin Thicke

[Intro: Nicki Minaj]

Hey Robin[Verse 1: Robin Thicke]

Didn't I rock with you all night?

Wasn't it good enough? Don't lie

Didn't you tell me that I blew your mind?

Brought out the animal in me

Nobody else can tame that beast

Why did you have to go and say goodbye?[Pre-Chorus 1]

Now all I wanna do is get, get you back (get, get)

Cause girl, you're still the best that I've ever had

A one, two, three, let's go[Chorus: Robin Thicke]

You used your love to tear me apart

Now put me back together (now put me back together)

You put a bullet into my heart

Now put me back together

Come on, I'm an addict

Come on, gotta have it

Come on, let me at it tonight

You used your love to tear me apart

Now put me back together[Verse 2: Robin Thicke]

I wanna live between your legs

Hear all the freaky things you said

I don't like what you're turning me into, into

Baby, you left me on the floor

Now I keep driving past your door

I don't know why you gotta be so cruel (I don't know why)[Pre-Chorus 2]

Now all I wanna do is get, get you back

(Wanna get you back, yeah, yeah, baby, get you back)

Cause girl you're still the best that I've ever had

A one, two, three, let's go[Chorus: Robin Thicke]

You used your love to tear me apart (you used your love)

Now put me back together (now put me back together)

You put a bullet into my heart (straight into my heart)

Now put me back together

Come on, I'm an addict

Come on, gotta have it

Come on, let me at it tonight

You used your love to tear me apart (you used your love)

Now put me back together (together, baby)[Verse 3: Nicki Minaj (Robin Thicke)]

Yo, ayo, Robin
I get more head than when they noddin'
Kitty on fleek, it's popping, I'm Mary Poppins
Just for the record, that hard is what I'm copping
Blasting 2Pac in some fishnet stockings
You know you miss this, right?
M-I-S-S, miss this spot
Used to call me Hillary cause I ride 'em (Rodham)
I said, "ring, ring, ring, ring, ra-ring, ring
Put a ring on it or ding, da-ding, ding"
Boy your times up, where'd you wind up?
There's levels to this, you shoulda climbed up
(Let's go)[Chorus: Robin Thicke]
You used your love to tear me apart
Now put me back together (now put me back together)
You put a bullet into my heart (right into my heart)
Now put me back together
Come on, I'm an addict
Come on, gotta have it
Come on, let me at it tonight
You used your love to tear me apart (you used your love)
Now put me back together (put me back together)[Outro: Robin Thicke]
Come on, I'm an addict
Come on, gotta have
Come on, let me at it tonight
You used your love to tear me apart (you used your love)
Now put me back together (put me back together)
