

# Sweet Thing

Vivian Green

Tonight I wanted to have fun, I wanted to breakout  
Paint the town, just me and the girls  
But somehow you became apart of that simple equation  
And all I'm thinkng about now is the love we could be making  
I could be your sweet thing, yeah  
I could be your sweet thing yeah, yeah, yeah  
I can do anything sweet, sweet thing  
Do you feel how much I want you?  
I could be your sweet thing, yeah  
I could be your sweet thing, yeah, yeah, yeah  
I can do anything, be a sweet thing  
Do you feel how much I want to?  
'Cause I want you baby and I know you feel it too  
I'm crazy 'bout you [Incomprehensible]  
'Cause I want you baby, I know you feel it too  
I'm crazy 'bout you [Incomprehensible]  
I couldn't help but notice you sitting right across the room  
Your fine, your fly, just the right type seems like  
It's not like my imagination to run wild  
But there's something about the energy your given me  
I could be your sweet thing, yeah  
I could be your sweet thing yeah, yeah, yeah  
I can do anything sweet, sweet thing  
Do you feel how much I want you?  
I could be your sweet thing, yeah  
I could be your sweet thing, yeah, yeah, yeah  
I can do anything, be a sweet thing  
Do you feel how much I want to?

'Cause I want you baby and I know you feel it too  
I'm crazy 'bout you [Incomprehensible]  
Yes, I want you baby, I know you feel it too  
I'm crazy 'bout you [Incomprehensible]  
'Cause I want you baby and I know you feel it too  
I'm crazy 'bout you [Incomprehensible]  
'Cause I want you baby, I know you feel it too  
I'm crazy 'bout you [Incomprehensible]  
I could be your sweet thing, yeah  
I could be your sweet thing yeah, yeah, yeah

I can do anything, be a sweet thing  
Do you feel how much I want you?  
I could be your sweet thing, yeah  
I could be your sweet thing, yeah, yeah, yeah  
I can do anything, be a sweet thing  
Do you feel how much I want to?  
'Cause I want you baby and I know you feel it too  
I'm crazy 'bout you [Incomprehensible]  
'Cause I want you baby, I know you feel it too  
I'm crazy 'bout you [Incomprehensible]  
'Cause I want you baby and I know you feel it too  
I'm crazy 'bout you [Incomprehensible]  
Yes, I want you baby, I know you feel it too  
I'm crazy 'bout you [Incomprehensible]  
'Cause I want you baby
