She's Goin' Down

Nazz

About time you took a stand
But please don't misunderstand
I know she won't be back again
I think she's taken all she canShe's goin' down
(It's all over, she's goin' down)
She's comin' 'round
(It's all over, she's goin' down)She's goin' down for the last time
(It's all over, she's goin' down)
Don't bother waitin' for the next time around
(It's all over, she's goin' down)The first time it doesn't show
And her kind, just come and go
She's like a ship, a-driftin' free
And now she's sinkin' in the seaShe's goin' down
(It's all over, she's goin' down)
She's comin' 'round
(It's all over, she's goin' down)She's goin' down for the last time
(It's all over, she's goin' down)
Don't bother waitin' for the next time around
(It's all over, she's goin' down)
Don't bother waitin' for the next time around, down
(It's all over, she's goin' down)She's goin' down
(It's all over, she's goin' down)
She's comin' 'round
(It's all over, she's goin' down)She's goin' down for the last time
(It's all over, she's goin' down)
Don't bother waitin' for the next time around
(It's all over, she's goin' down)
Don't bother waitin' for the next time around
(It's all over, she's goin' down)She's goin' down
(It's all over, she's goin' down)
She's comin' 'round
(It's all over, she's goin' down)She's goin' down for the last time
(It's all over, she's goin' down)
Don't bother waitin' for the next time around
(It's all over, she's goin' down)
Don't bother waitin' for the next time around, down
(It's all over, she's goin' down)
