Blame It on Love

Los Lonely Boys

The guys say it's a crime Daddy sold that '69

Cuz he changes his whole world

For someone's daddy's little girlBlame it on love

Blame it on love

Blame it on loveHer girlfriends say sometimes

That she lost her mind

Cuz she gave up her dreams

All for the diamond ringBlame it on love

Blame it on love

Blame it on loveYa know she blamed it on love

She blamed it on loveIt can make you high,

Or bring you down

Or make you laugh and cry

It can turn your whole life upside down

If you need a reason why......Blame it on love

Blame it on love

Blame it on loveAll through history

It's always been a mystery

I don't know too much

But I know it comes from up aboveNow I have read my mynd

Tryin' to search and find

And oh I still believe

That you were sent for meIt can make you high,

Or bring you down

Or make you laugh and cry

It can turn your whole life upside down

If you need a reason why......Blame it on love

Blame it on love
