Good Deeds

Owen

Who's going the right way down a wrong way street?
Who's making a mistake each time our mouths meet?You're smart you're kind easy on my eyes
I know it feels good, that's why we shouldn't tonightWho's waiting for answers from a boy who can't speak?
Will be holding their breath until their blue in the cheeksYou're smart and kind and you're too easy on my eyes
I know it feels good, so good, we should tonight'Cause maybe my mom's right our good deeds won't save us
Just true faith in Jesus
So in the name of her Lord let's do what we shouldn't some more
