Sing In The Rain

Moriah Peters

If I could fly like a bird
Singing songs to the world then I would
But here I am on the ground
With troubles that I wish that I understood

But in the dark, in the sun
I believe that Your love is still good
God, You're so good

I wish that life could be
Carefree, sunny, never cloudy
But You said that I would be
In Your arms when things get crazy
So when the storm doesn't go away
I have decided to sing in the rain

We all want the easy way
No one ever prays for pain
We'd rather live the charmed life
But like a seed in the earth
If I'm gonna grow, it's gonna hurt
But after, You'll bring sunlight

But I have seen beauty come
When my world has come undone
You came through at the right time

I wish that life could be
Carefree, sunny, never cloudy
But You said that I would be
In Your arms when things get crazy
So when the storm doesn't go away
I have decided to sing in the rain

I'm, I'm not gonna sit here doing nothing
No, I'm gonna sing Your name
Jesus, Jesus, You give me, give me something
That makes me wanna sing in the rain

Jesus, You give me something

You make me wanna sing
Doesn't matter what's gonna happen to me
Jesus, Jesus, You give me, give me something
I'm, I'm not gonna sit here doing nothing
No, I'm gonna sing in the rain
