

She'll Come Back To Me

Cake

Last night I said to her
I didn't want to live inside a lie
If she wants him more than she wants me
Let this be
She'll come back to me
She'll come back to me
She'll come back
All day I wait and wait
To hear her footsteps on my walkway
She never came
She never even called
She'll come back to me
She'll come back to me
She'll come back
Somehow I know it won't last
Somehow I know it won't last too long
She'll come back to me
She'll come back to me
She'll come back
