Hearts

Marty Balin

Is everything alright I just called to say
How lost I feel without you
Miles away I really can't believe I'm here
And how I still care about youHearts can break and never mend together
Love can fade away
Hearts could cry when love won't stay forever
Hearts can be that wayIs everything the same do you ever think of me
And how we loved one another
Will you change your mind will you want me back
Again or have you found yourself a new loverHearts can break and never mend together
Love can fade away
Hearts could cry when love won't stay forever
Hearts can be that wayIs everything okay I just thought I'd write a song
To tell the world how I miss you
'Cause each and every day I think of all the words
I never said and all the chances that I had toHearts can break and never mend together
Love can fade away
Hearts could cry when love won't stay forever
hearts can be that wayHearts can be that way
Hearts can be is everything alright
