

My Passion (Kenny Hayes Blue Sphere Mix)

Akcent

I still got feelings you are my passion
you are the one for me

I still got feelings you are my passion
you are the one for me can you, can you hear me say
when I'm moving closer

you keep going away
'cause you're my guilty pleasure
and you caught me so tight

I wanna love you always
let's melt into the night [CHORUS]
don't let go

don't run away love
I still got feelings you are my passion
don't let go

don't run away love
you are the one for me
[x2] can you, can you see the flame
that burns inside my body
everytime you are here

'cause you're the one I dream of
everyday, the night

don't give away my feelings
and come into my life [CHORUS]
don't let go

don't run away love
I still got feelings you are my passion
don't let go

don't run away love
you are the one for me

[x2] [CHORUS]
don't let go

don't run away love
I still got feelings you are my passion
don't let go

don't run away love
you are the one for me

[x2]
