

# Rubberband

## Feeder

Jumping into streams of nectar  
Falling through these clouds of silver  
Reaching for these angels faces  
Waking up in fields of feathers  
Its tied me up inside its tied me up inside You spin me around you lift me right off the ground  
You twist me around I feel like a rubber band  
You spin me around then you wind me back up  
'Cause I'm your rubber band Crashing onto cotton wool floors  
Breaking my fall if I land short  
Wrapped up in these arms of velvet  
Drifting in sea of regret  
Its tied me up inside its tied me up inside  
I've got to pull myself together  
It's tied me up inside  
It's tied me up inside You spin me around you lift me right off the ground  
You twist me around I feel like a rubber band  
You spin me around then you wind me back up  
'Cause I'm your rubber band I wish I knew what to say but words escape me today  
I wish I knew what to say just take away the pain  
Jumping into streams of nectar  
I've got to pull it back together  
Its tied me up inside its tied me up inside  
Its tied me up inside its tied me up inside You spin me around you lift me right off the ground  
You twist me around I feel like a rubber band  
You spin me around then you wind me back up  
'Cause I'm your rubber band You spin me around you lift me right off the ground  
You twist me around I feel like a rubber band  
You spin me around then you wind me back up  
'Cause I'm your rubber band
