

We Will Make a Song Destroy

Rogue Wave

Did you know campfire
Spinning the sonnets
I did it so oftenWell they sold me out
And called me a liar
How can I get up again?How'd you get so soured?
May I remind you
You're billing what I makeYour ability is worn out
Objective expired
Well, I'll keep you mean and mad
I'll keep you mean and mad
I'll keep you mean and mad
I'll keep you mean and madDir-ah, dir-ah, dir-ah, dir-ah
Dir-ah, dir-ah, dir-ah, dir-ahWe will make a song destroy
We will make a song destroy
We will make a song destroy
We will make a song destroyCan't evolve past
Certain notes
No one knows me
You should know
Paint it all with
Certain strokes
Save us all with
Folks who knowTo knowWe will make a song destroy
We will make a song destroy
We will make a song destroy
We will make a song destroyDestroyDestroy
