

# Dead MoonWalkin'

## Nekromantix

I went out for a walk  
It was late it was night  
Creepy sounds appeared  
When I passed the  
Graveyard wall  
A flash in my eyes  
I was hit by the light  
From this skull  
Turned into a mirror ball  
Last night the dead  
Were coming on to me  
Dead bodies and has-beens  
Were all I could see I saw the dead a  
Moonwalkin'.....yeahhhhh  
I found myself caught in the heat  
Out of a grave a zombie babe  
Is pulling my leg  
I'm going off  
To the bone rocking beat  
Dancing like hell  
In this afterlife discotheque  
Was asked up for a rigor mortis  
Breakdance on a headstone  
A dead moonwalkin' vampire chick  
Dragged me by the bone
