Ever Since The First Time

Nb Ridaz

I wanna love you
Like you never been loved before baby
(Chorus: Angelina)
Ever since the first time I looked into your eyes
I knew right then we would never be apart
And ever since the first time I kissed your lips
I knew right then we would never be apart
I never wanna be apart from you (never never)
And I'ma do what I gotta do
Every situation that we been thru
Wouldn't be the same if I didn't have you
I wanna be your dream tonight
The sunshine when you open your eyes
Sweet thoughts inside your mind
Singing to ya all the time
I love you (I love you)
Your my baby I want you (I want you)
Everything about you's so damn cool (so damn cool)
And we could never be apart
(Chorus)
Ever since the first time I looked into your eyes
I knew right then we would never be apart
And ever since the first time I kissed your lips
I knew right then we would never be apart
You gave up everything for me
When I was down you stood by me
Never had to ask for anything
You found the best there was in me
Remember all those rainy days?
Never ever lost the faith

Nobody could take your place
Tell you proudly every day
I love you (I love you)
Your baby I want you (I want you)
Everything about you's so damn cool
And we could never be apart
(Chorus)
Ever since the first time I looked into your eyes

I knew right then we would never be apart
And ever since the first time I kissed your lips
I knew right then we would never be apart
(MC Magic)
Check this out girl
You can count on me
You can call on me seven days a week
It's all about you and me
Thru the good times and bad times too
You been there for me so I'ma hold it down too
You like the loveliest thing up this whole wide world (Oh yeah)
And I'ma be the one to always treat you right girl
Do what you like promise to always hold you tight
I wanna be your unico your #1 for life
(Chorus)
Ever since the first time I looked into your eyes
I knew right then we would never be apart
And ever since the first time I kissed your lips
I knew right then we would never be apart
Must be that magic that i give, given you what you like (what you like)
Me and Angelina
Ooh Ooh Ooooh...
