Wish I Could

Lene Marlin

I thought I did everything right
I thought I treated you,
The best way I know how
But where do I find myself now
Where do I find myself now
I look around,
And my friend you're gone,
What did I do wrong
I wish I could say
that if you change you're mind I'm here
that if you call for me, I'm there
if you're hurting, I'll run fast
forget about the past
I'll be right by your side
Be right by your side

I thought you cared for real
I thought that I was good to you,
And made you smile a lot
But this is what I've got
I look around,
And my friend you are gone,
I guess you've been for long
I wish I could say
That if you change you're mind I'm here
That if you call for me, I'm there
If you're hurting, I'll run fast
Forget about the past
I'll be right by your side
Be right by your side
