

# I Smell Trouble

[Viasava](#)

Lord knows I've tried  
To do what's right  
One whole year of staying home  
Both day and night 'Cause I smell a mean trouble  
Way over yonder you know I heard a mean, yeah  
Always in trouble people  
Lord they just won't let me be The people talk about me  
Both night and day  
I said, Lord please forgive them  
And go the other way 'Cause I smell a mean trouble  
Lord I smell trouble ahead of me, oh yeah  
Yes, we're always in trouble  
Lord, they just won't let me be And from now on  
I will not run and hide  
I'll face trouble with a smile  
And hope it pass me by 'Cause I smell a mean trouble  
Way over yonder, I say I heard a mean  
Yes, we're always in trouble  
They just won't, they just won't  
Lord, they just won't let me be, oh yeah
