Never Too Far

@BeMyFiasco

I've loved and I've lost
Over and over
I've fought

ADVERTISING

At any cost
World on my shoulders

Every time I think I'm
Down and out I see you
Right behind, hind Right behind me

You're never too, ah ah
You're never too, ah ah
You're never too, ah ah
You're never too, ah ah

I shared
My heart
Over and over
All my dreams
And I thought
The world was getting colder

I, I, I, I knew you'd be coming right back for me
I, I, I, I knew you'd be coming right back for me

Every time I think I'm
Down and out I see you
Right behind, hind
Right behind me

You're never too, ah ah
You're never too, ah ah
You're never too, ah ah
You're never too, ah ah
