

So Anxious

Ginuwine

Nine o' clock, home alone, paging you
Wishing you'd come over, my place
After a while, let me know
We can just keep talkin' 'bout the last time
You were here, what we did
No sleep till morning
Only bubble baths and back rubs, hit me back
Girl, I hope you hurry 'cause I'm so anxious, so meet me at 11:30
I love the way you're talkin' dirty
Said, I'm so anxious
Girl could you quit this stallin'? You know I'm a sexaholic I'm so anxious, so meet me at 11:30
I love the way you're talkin' dirty
Said, I'm so anxious
Girl could you quit this stallin'? You know I'm a sexaholic It's 10:10, where you've been? Did you get my
message?
Your expression is telling me that you've been thinkin' the same thang
The same thang I've been thinkin'
You say you're workin'
Well hit me just as soon as your shift is over, and I'll be waitin'
'Cause I can't sleep for reminisce
Reminisce about you and what we do
Hit me back and hope you hurry I'm so anxious, so meet me at 11:30
I love the way you're talkin' dirty
Said, I'm so anxious
Girl could you quit this stallin'? You know I'm a sexaholic Said I'm so anxious, so meet me at 11:30
I love the way you're talkin' dirty
Said, I'm so anxious
Girl could you quit this stallin'? You know I'm a sexaholic
Said I'm Said as soon as you hit the door
I'ma pull you down on the floor
And before we get to touch the bed
Baby back up every word you said
And before we get to hit the lights
And before we start the candlelights
Baby girl, I wanna bump and grind
This is something that is on my mind I'm so anxious, so meet me at 11:30
I love the way you're talkin' dirty
Said, I'm so anxious
Girl could you quit this stallin'? You know I'm a sexaholic Said I'm so anxious, so meet me at 11:30

I love the way you're talkin' dirty
Said, I'm so anxious
Girl could you quit this stallin'? You know I'm a sexaholic Said I'm so anxious, so meet me at 11:30
I love the way you're talkin' dirty
Said, I'm so anxious
