

Do You Wanna Rock

Danko Jones

Are you ready for the greatest feeling
Are you ready for the time of your lives
I think about doing this this daily
I think about this all the time
When your body tells you move
You move exactly when you're told to
Don't?? don't whip it don't slip
I guarantee this sticks I'm on roll I can't stop
Got to ask you something
Do you want
Do you wanna rock
My song
Don't asking
But I like to watch just drop
Kinda gets me going
You wanna come along
And when we try to get it on
Get up
Get off
Get out
Get on
Cmon cmon cmon
Do you wanna rock
Cmon cmon cmon
Do you wanna rock
Cmon cmon cmon
Do you wanna rock
Cmon cmon cmon
Do you wanna Everybody's watching us
Add you're the only one I trust
I never wanna leave you
I always wanna see you
The music's gonna stop
So do you wanna rock
I gotto go
Got women in the block
Got to find out something
Do you want
Do you wanna rock

Cause I keep asking
Once I start I can't stop
Gotta keep on moving
You wanna come along
Get up
Get off
Get out
Get onCmon cmon cmon
Do you wanna rock
Cmon cmon cmon
Do you wanna rock
Cmon cmon cmon
Do you wanna rock
Cmon cmon cmon
Do you wannaEverybody's watching us
Add you're the only one I trust
I never wanna leave you
I always wanna see you
The beat is calling us
I never wanna get enoughEverybody's watching us
Add you're the only one I trust
I never wanna leave you
I always wanna see you
The music's gonna stop
So do you wanna rockEverybody's watching us
Add you're the only one I trust
I never wanna leave you
I always wanna see you
The beat is calling us
I never wanna get enoughEverybody's watching us
Add you're the only one I trust
I never wanna leave you
I always wanna see you
The music's gonna stop
So do you wanna rock
