

Zannalee

Prince

Yeah, sarge, we just received a call
We got a disturbance on Galpin Alright, go on'n check it out. Really? Oh geez. Well her name is Zannalee
I like what she do to me
Her name is Zannalee
I like what she do to me
She got a sister named Fendi
And they like to do me double team To get 'em in the mood
I give 'em some cherry wine
To get 'em in the mood
I give 'em some cherry wine
Then we play some pool
And they watch me bank the six and the nine Watch me bank it baby
(Woo)
Yeah, sarge, we're outside the house now
I can see 'em through the window there
(Hey there)
What's it look like? All I can see, oh geez, look at that
Ah ah What's going on? Uh, nothing, sarge, ten-four If you want to headline
You gotta be all you can be
Well if you want to headline
You gotta be all you can be
Cause you got a strong act to follow
And her name is Zannalee See you tomorrow, big ass
