Dance Without You

Skylar Grey

So serious, all the time.
I feel restrained.
I feel confined.
I cannot take your whispering, your whispering.
I wanna dance without you.
For once, just let me lose myself.
I wanna dance without you.
For once, just let me lose myself.
For once, let me lose myself
So insecure.
So uptight.
I break my neck to be polite.
I cannot take your whispering, your whispering.

I wanna dance without you.
For once, just let me lose myself.
I wanna dance without you.
For once, just let me lose myself.
For once, let me lose myself.
How can I make history with your choreography?
Take your hands off me.
Take your hands off of me,
Before I suffocate.
I wanna dance without you.
For once, just let me lose myself.
I wanna dance without you.
For once, just let me lose myself.
For once, let me lose myself.
