

Mess Is Mine

Vance Joy

Talking like we used to do
It was always me and you
Shakin up and shippin out
Check me in and check me out
Do you like walking in the rain?
When you think of love, do you think of pain?
You can tell me what you see
I will choose what I believe

Well hold on darling
This body is yours
This body is yours and mine
Well hold on my darling
This mess was yours
Now your mess is mine

Your mess is mine

See you in the marketplace
Walkin 'round at 8 AM
Got two hours before my flight
Luck be on my side tonight
You're the reason that I feel so strong
The reason that I'm hanging on
You know you gave me all that time
But did I give enough of mine

Hold on darling
This body is yours
This body is yours and mine
Well hold on my darling
This mess was yours
Now your mess is mine

Your mess is mine
Your mess is mine

Bring me to your house
Tell me "sorry for the mess"
Hey, I don't mind

You're talking in your sleep
All the time
Well you still make sense to me
Your mess is mine

Your mess is mine
This bod is yours and this bod is mine
Your mess is mine
Your mess is mine
