

I'm Your Moon

Jonathan Coulton

They invented a reason
That's why it stings
They don't think you matter because you don't have pretty rings

I keep telling you I don't care
I keep saying there's one thing they can't change
I'm your moon
You're my moon
We go round and round
From out here it's the rest of the world that looks so small
Promise me you will always remember who you are

Let shuffle the numbers
Watch them come and go
We're the ones that are out here
Out past the end of what they know
We can only be who we are
Doesn't matter if they don't understand

I'm your moon
You're my moon
We go round and round
From out here it's the rest of the world that looks so small
Promise me you will always remember who you are
Who you were
Long before
They said you were
No one

Sad excuse for a sunrise
So cold out here
Icy silence and dark skies
As we go round another year
Let them think what they like we're fine
I will always be right here next to you

I'm your moon
You're my moon
We go round and round
From out here it's the rest of the world that looks so small

Promise me you will always remember who you are
