Ghost

Fefe Dobson

Just like a go-go-go-ghost
Watch me go-go-go-ghost

Now I'm gone in your photograph
I bet you wish you could get me back
Now I'm stuck in your memory
A mistaken identity

What's her name?
What's she like?
Does she know that you'll never treat her right?

What's her name?
What's she like?
Do you leave her in the middle of the night?

You act like you just saw a ghost
I watch you getting way too close
Now I know why you're never there
Now I know so it's my turn to disappear
You act like you just saw a ghost
I caught you (Caught you)
Now I know
Now I know why you're never there
Now it's my turn, watch me disappear
Just like a go-go-go-ghost
Watch me go-go-go-ghost

The only gift that you ever gave
Was that you let me just get away
I hope I haunt you in every dream
And you feel a little misery

What's her name?
What's she like?
I should warn her that you'll never do her right

All your games
All your lies

I need to tell her maybe I can change her mind

You act like you just saw a ghost
I watch you getting way too close
Now I know why you're never there
Now I know so it's my turn to disappear
You act like you just saw a ghost
I caught you (Caught you)
Now I know
Now I know why you're never there (Never there)
Now it's my turn, watch me disappear
Just like a go-go-go-ghost
Watch me go-go-go-ghost

Just like a go-go-go-ghost
Watch me go-go-go-ghost

Now you see me
Now you don't
You must've thought I'd never go
Thanks to you I'm taking back my soul

You act like you just saw a ghost
I watch you getting way too close
Now I know why you're never there (Never there)
Now I know so it's my turn to disappear (Disappear)
You act like you just saw a ghost
I caught you (Caught you)
Now I know
Now I know why you're never there (Never there)
Now it's my turn, watch me disappear
Just like a go-go-go-ghost
Watch me go-go-go-ghost

Just like a go-go-go-ghost
Watch me go-go-go-ghost
Just like a go-go-go-ghost
Watch me go-go-go-ghost
Just like a go-go-go-ghost
Watch me go-go-go-ghost
