Right There (thank You)

[Bobby Valentino](#)

When times were rough
And I wanted to give up, you
You were right thereWhen I was down and out
And my friends weren't around, you
You never left meThis is my second one
And I needed your help, you
You were right thereIt was some cloudy days
But it's okay, you
You never left meI'ma stay on a bent knee
I love you
You were right thereI stay believing
Always have faith in you
You never left meI love you, yeahI was raised in Atlanta, Georgia
Right outside the cacay roll
Cacay roll, yeah
