Trust

Half Moon Run

Daylight breaks, the sorry kicks in
You tried to play both sides so that everybody wins
But it couldn't be and it wasn't enough
I need to know within a minute
If you're looking for an exit
Texas might feel like LA
But it's really just a desert, it dries you up
It'll drag you downThere's something in the way she's gettin fucked againIt's not a rhythm its a stepping stone
Oh, it's a slipping slope, it'll drag you down
Never seen one like this before
And it may seem like everybody got a better looking body
But it won't give you what you want
You just want what you can never have
Girl, I've seen this beforeI want you more than ever
I want you more than ever
I won't stop lyingThere's something in the way shes gettin fucked againHow's shes gonna hide it from the camera like a sin
Was there something
It makes me want to take you inNow that that's gone
Like the city lights that block out all the stars
I'm made to regret
Who stole your sunny days?
And did they teach you laughterWon't you stay right there
Stay right there
Won't you stay right there
Stay right there
Won't you stay right there
Stay right there
Won't you stay right there
Cause everybody wants you to just trustSomething in the way she
Something in the way she
Something in the way she
Something in the way she
Something in the way she
