5 Days

inc.

i was going out of my head
you were going out of your mind
5 days
5 daysi was going out of my head
you were going out of your mind
5 days
5 dayscan all this hell be undone?
can all this hell be undone?
i had my time i had my hurt
in the ashes
in the dirt
ashesbut it was going out of my hands
it was going into your life
5 days
5 days
what could ever be wrong
what could ever be right
5 days
5 daysgive it to the ones who give it
live it for the ones who live it
always
always
leave it for the ones who take it
feel it for the ones who break it
always
always
alwayscan all this hell be undone?
can all this hell be undone?
i had my time i had my hurt
in the ashes
in the dirt
in the ashes
can all this hell be undone?
can all this hell be undone?
the part of me that never could be burned
in the ashes
in the dirt
in the ashes
in the dirt

in the ashes
in the ashesnothing left to do but pray
let the wind take me away
nothing left to do but pray
let the wind take me away
let the wind take me away
