Backwards Again

Tammin

Lately I've been feeling so confused
Tried so hard to believe that we were through
My mind knows you only bring me down
But my heart won't let me turn aroundIt feels like I'm walking backwards again
Never know where I'm going
Only seeing where I've been
With every little step I take
You're making me loose my way
But I can't stop walking backwards againLet myself wander into deep
Didn't notice that you weren't there for me
You said that it would stop the rain
But my tears still fall cos you ain't never gonna changeIt feels like I'm walking backwards again
Never know where I'm going
Only seeing where I've been
With every little step I take
You're making me loose my way
But I can't stop walking backwards againEven though I know that I'll be sorry
I need to see your face
Somehow I find my way back to you
Knowing it's the same old story
No matter what I do, when it comes to you
I can't get awayIt feels like I'm walking backwards again
Never know where I'm going
Only seen where I've been
With every little step I take
You're making me loose my way
But I can't stop walking backwards againCan't stop myself
