Suffocating

Chevelle

I like having hurt,
So send the pain below,
Where I need it.You used to beg me to take,
Care of things.
And smile at the thoughts,
Of me failing.But long before,
Having hurt,
I'd send the pain below,
I'd send the pain below.Much like suffocating,
Much like suffocating,
Much like suffocating (I'd send the pain below),
Much like suffocating (I'd send the pain below).You used to run me away,
All while laughing,
Then cry about that fact,
Til my returns.But long before,
Having hurt,
I'd send the pain below,
I'd send the pain below.Much like suffocating,
Much like suffocating,
Much like suffocating (I'd send the pain below),
Much like suffocating (I'd send the pain below),
Much like suffocating!I can't feel my chest (chest, chest)
Anymore,
Drop down,
closing in,
I can't feel my chest (chest, chest)
Drop down!I liked Having hurt,
So send the pain below,
So send the pain below (Much like suffocating) (I liked),
So send the pain below (Much like suffocating),
So send the pain below (Much like suffocating),
So send the pain below (Much like suffocating),
So send the pain below.
