

# It's Yours

## J. Holiday

All I'm gonna do is please you  
Come into this room and let me show you  
How I feel, love is real  
Know what I, can never get enough Cause I, never, been here before  
The more I get, the more I want  
Touch me baby, I just love  
To do it, do it, do it to you Grab my body baby  
Hold my heart, don't break it  
It is yours, it is yours  
It is yours, it is yours  
It is yours, it is yours  
And I can't never get enough Grab my body baby  
Hold my heart, don't break it  
It is yours, it is yours  
It is yours, it is yours  
It is yours, it is yours  
And I can't never get enough of you You, you, can't get enough, can't get enough  
You, you, can't get enough, can't get enough  
You, you, ooh  
You, you These other girls can't see you  
If you only knew how much I need you  
Every day, every day  
In every way, every way  
You got me baby, so addicted to you Cause I ain't never, been here before  
The more I get, the more I want  
Touch me baby, I just love  
To do it, do it, do it to you Grab my body baby  
Hold my heart, don't break it  
It is yours, it is yours  
It is yours, it is yours  
It is yours, it is yours  
And I can't never get enough Grab my body baby  
Hold my heart, don't break it  
It is yours, it is yours  
It is yours, it is yours  
It is yours, it is yours  
And I can't get enough of you girl You, you, can't get enough, can't get enough of you  
You, you, I can't get enough of you  
You, you, ooh baby

You, you, I can't get enough of you I just want to touch you touch you  
Hold your body till you till you say  
Yea yeah, yea yeah  
I just want to touch you touch you  
Hold your body till you till you say  
Yea yeah, yea yeah Grab my body baby  
Hold my heart, don't break it  
It is yours, it is yours  
It is yours, it is yours  
It is yours, it is yours  
Ooo Grab my body baby  
Hold my heart, don't break it  
It is yours, it is yours  
It is yours, it is yours  
It is yours, it is yours  
Cause I can't never get enough of you You, you, can't get enough, can't get enough  
You, you, I can't get enough  
You, you, yea yeah  
You, you, can't get enough  
Can't get enough of you
